

SCRAPMATES

Feb 2023- JAC Box Inspiration

Welcome from Ann

Happy February to all our wonderful ScrapMates and we welcome you to your PDF inspiration sheet for the month. What a colourful JACbox we have to enjoy with aqua blue, red, hot pink and orange with so many elements you can cut out and use in a multitude of ways.

I also popped a couple of paper straws in the kit so you could try the paint bubbles blowing technique we shared on Feb 11th on the Facebook group. If you've not seen it yet go take a look - so much fun! Alternatively both Michelle and Tracy incorporated their straws into their layout designs so have fun deciding what to do with yours!

FEATURING...

**VIBRANT PAPERS FROM
SIMPLE STORIES HEART
EYES COLLECTION**

**3D ELEMENTS FROM
SHEENANIGANS & AN
ACRYLIC HEART**

**LAYOUTS FROM DT ANN,
TRACY & MICHELLE**

Michelle - Layout 1

Michelle fussy cut lots of the hearts and punched some smaller ones to create a really effective backdrop for her fun photo. She has then clustered some of the tickets, the lovely 3d envelopes from Sheenanigans and the gold love title.

Tracy - Layout 1

Another flurry of hearts on this Tracy's first page for this month which also featured on our Feel The Love series for our HEART challenge. The title is cut from one of the papers and flicks of ink against her woodgrain background pack a punch.

Ann - Layout 1

Ann used the acrylic heart template to trace around on several of the papers and then adhered it to the aqua blue heart in her middle row. Smaller hearts were cut from the papers along with the title and of course some signature doodling to finish.

Michelle - Layout 2

Michelle crocheted her own heart embellishment for this page and added black washi to her straw to make a stick for her pin-wheel made from the music note paper. The title combines HEY from the papers with the 3d YOU.

Tracy - Layout 2

A signature Tracy inky mixed media background is utter perfection to set off the black and white elements hung from her straw scrolls. A few hearts from the papers add a bold pop of colour on this stunning page and she inked the alpha black to match

Michelle - Layout 3

The colours from this month's box really do jump of the page for Michelle's black background layout 3. It features the acrylic heart with a stitched border and her title uses the alpha stickers from the box too.

Ann - Layout 2

Those of you joining in our February Feel the Love challenge will have seen this page for our stripes challenge. Easily created with strips of any patterned paper (I did add my own title to this one as I had misplaced my 3d Sheenanigans set!)

COMING NEXT

March JACbox will be released on Mon 20th Feb and features geometric patterns with some fun word stickers and a full ephemera pack from the P13 Have Fun collection. Shipping March 1st 2023 and available as one off or part of a 3 month subscription.
