

SCRAPMATES

Mar 2023- JAC Box Inspiration

Welcome from Ann

Huge apologies for the delay in our March PDF which we now bring you sharing inspiration from designers Ann and Michelle and guest designer the lovely Emma Penhey. Emma has been a long time ScrapMate and as a fan of purple was off and running with her JACBox creating some gorgeous pages before I could even get mine opened!.

I kindly asked her if we could share her beautiful pages with you this month whilst Tracy took a break and she willingly obliged. So please scroll on or turn the page to see the layouts from all of us using the March JACbox

FEATURING...

**P13 STICKERS AND
EPHEMERA PACK WITH
COORDINATING PAPERS**

**LAYOUTS FROM ANN,
MICHELLE & GUEST DT
EMMA PENHEY**

Emma - Layout 1

Inspired by the diamond patterned paper Emma created her own diamond template from a scrap of paper and used it to cut and draw diamonds from the papers and onto her background for this eye-catching multiple sunset photo page.

Ann - Layout 1

Also inspired by the diamond paper Ann also cut some larger shapes from the patterned paper and smaller ones from the diamond paper for her background. She layered over some of the flowers fussy cut out and stickers from the P13 sheet.

Emma - Layout 2

Emma's second layout showcases the inspiring diamond paper beautifully using the entire 6x4 piece as a larger focal point which really pops against the black background. The banner elements from the kit tuck in nicely as do the little flowers.

Michelle - Layout 1

A sewing labour of love from Michelle with hours of stitching her flowers which were inspired by the floral paper in the kit. Other DT members chose to fussy cut these little details, Michelle went bigger with a cluster of elements from the kit sitting below.

Ann - Layout 2

Using the banner elements from the kit as templates Ann extended the 3 to 6 and layered up tone on tone for this second page. Pink flowers and ephemera elements on the pink tag, mauve on the mauve etc which she then made into a grid style page with a twist

Emma - Layout 3

The hot yellow paper in the kit was used as a photo mount behind which Emma features strips of different patterned papers on her 3rd page. The circular elements in the ephemera pack soften the otherwise straight lines for this beautiful page.

Michelle - Layout 2

Michelle also went with a black backdrop for one of her layouts featuring a cluster of elements in the centre of the page. These include an interactive pull out element (check it out on our Facebook Group) making the most of the packaging too!

COMING NEXT

Your April JACbox is out at the end of the month featuring Simple Stories Vintage Life in Bloom papers with some spring/easter elements to compliment the range. Shipping on April 3rd 2023 and available as one off or part of a 3 month subscription.
